Center of Excellence
Kuala Lumpur
Who Are We?

The Islamic Development Bank (IsDB) Center of Excellence in Kuala Lumpur (KLCoE) - formerly the IsDB Regional Office Kuala Lumpur - was launched on 25th March 2021 as a partnership between the Malaysian Government and IsDB to support the development and promotion of Islamic Finance, Halal Industry, Science Technology & Innovation (STI), Reverse Linkage (technical cooperation) and Resource Mobilization across IsDB Member Countries (MCs) and globally.

What Do We Do?

Capitalizing on the capabilities of IsDB Group, Malaysia, other MCs, development partners and investors, the KLCoE facilitates the exchange of comprehensive ecosystem development solutions in its focus areas including policy and regulations, capacity and institutional set-up, technology and tools, access to finance and investment, business matchmaking and market access while ensuring a win-win approach.

Different from research and knowledge centers of excellence, the KLCoE focuses on value-creation activities with emphasis on generating investment opportunities for the private sector as a key driver of economic growth.

**Development of Malaysia Awqaf Properties Investment Fund (MAPIF)**
