The objective of APIF is to ensure the sustainability, financial independence and continuity of the social development of philanthropic organizations, required for the benefit of the Islamic Ummah.

APIF’s strategy relies on extending financing to develop and invest in accordance with the principles of Islamic Shariah, in Awqaf real estate properties, such as residential and commercial buildings, that are socially, economically, and financially viable.

APIF provides high-impact financing at a moderate cost to establish Awqaf assets for organizations that ultimately serve the various Sustainable Development Goals (SDGs).
