Section IX. Eligibility for the Provision of Goods, Works, and Services in IDB-Financed Procurement ...................................................................................................................... 85
INTRODUCTION

These Standard Bidding Documents (SBD) for Goods have been prepared by the Islamic Development Bank (IDB) in cooperation with other Multilateral Development Banks (MDB) for use by Beneficiaries and their implementing agencies in the procurement of goods through “open” International Competitive Bidding (“open ICB”), ICB limited to Member Countries (ICB/MC), Limited International Bidding (LIB) and National Competitive Bidding (NCB), in accordance with paragraphs 2.1, 3.2 and 3.3 of the Guidelines for Procurement of Goods and Works under IDB Financing (hereinafter referred to as the “IDB Guidelines for Procurement of Goods and Works.”) The procedures and practices presented in this document have been developed through broad international experience, and are mandatory for use in projects that are financed in whole or in part by the IDB.

In order to simplify the preparation of bidding documents for each procurement, the SBD groups the provisions that shall remain unchanged in Section II, Instructions to Bidders, and in Section IV, General Conditions of Contract. Data and provisions specific to each procurement and contract shall be included in Section III, Bidding Data; in Section V, Special Conditions of Contract; Section VI, Schedule of Requirements; and Section VII, Technical Specifications. The forms to be used are provided in Section I, Invitation for Bids, and in Section VIII, Sample Forms.

Care should be taken to check the relevance of the provisions of the SBD against the requirements of the specific goods to be procured. The general directions below should be observed when using the documents. In addition, each section is prepared with notes intended only as information for the Purchaser or the person drafting the bidding documents. They shall not be included in the final documents, except for the notes introducing Section VIII, Forms, where the information is useful for the Bidder.

(a) Specific details, such as the “name of the Purchaser” and “address for bid submission,” should be furnished in the Invitation for Bids, in the Bidding Data, and in the Special Conditions of Contract. The final documents should contain neither blank spaces nor options.

(b) Amendments, if any, to the Instructions to Bidders and to the General Conditions of Contract should be made through the Bidding Data and the Special Conditions of Contract, respectively.

(c) Footnotes or notes in italics included in the Invitation for Bids, Bidding Data, Special Conditions of Contract, and in the Schedule of Requirements are not part of the text of the document, although they contain instructions that the Purchaser should strictly follow. The final document should contain no footnotes.
The criteria for bid evaluation and the various methods of evaluation in the Instructions to Bidders (Clauses 26.4 and 26.5, respectively) should be carefully reviewed. Only those that are selected to be used for the procurement in question should be retained and expanded, as required, in the Bidding Data or in the Technical Specifications, as appropriate. The criteria that are not applicable should be deleted from the Bidding Data.

Clauses included in the Special Conditions of Contract are illustrative of the provisions that should be drafted specifically by the Purchaser for each procurement.

The forms provided in Section VIII should be completed by the Bidder or the Supplier; the footnotes in these forms should remain, since they contain instructions which the Bidder or the Supplier should follow.

IDB welcomes any feedback or experiences from the use of these bidding documents from bidders and from others as well.

SECTION I. INVITATION FOR BIDS (IFB)

NOTES ON THE INVITATION FOR BIDS

The Invitation for Bids (IFB) (see paragraphs 2.7-2.9 of the IDB Guidelines for Procurement of Goods and Works), shall be issued as follows:

- an advertisement in the international press, if bids are launched under “open” International Competitive Bidding (“open ICB”), and a circular to consulate or diplomatic representatives of IDB member countries.

- on the IDB Website, if launched under International Competitive Bidding limited to Member Countries (ICB/MC) and in 3 major local newspapers.

- and well-known technical magazines, for large, specialized, or important contracts;

or

- an advertisement in at least one newspaper of general circulation in the Beneficiary’s country and in the official gazette, if any, under National Competitive Bidding (NCB).

The IFB provides information that enables potential bidders to decide whether to participate. Apart from the essential items listed in the Standard Bidding Documents (SBD), the Invitation for Bids should also indicate any important bid evaluation criteria (for example, the delivery schedule, after sales requirements, a special technical requirement) or qualification requirement (for example, a requirement for a minimum level of experience in manufacturing similar type of goods for which the Invitation for Bids is issued).

The IFB should be incorporated into the bidding documents. The information contained in the IFB must conform to the bidding documents and in particular to the relevant information in the Bidding Data.

SECTION II. INSTRUCTIONS TO BIDDERS

NOTES ON THE INSTRUCTIONS TO BIDDERS

This section of the bidding documents provides the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Purchaser. It also provides information on bid submission, opening, and evaluation, and on the award of contract.

Section II contains provisions that are to be used unchanged. Section III consists of provisions that supplement, amend, or specify in detail information or requirements included in Section II and which are specific to each procurement.

Matters governing the performance of the Supplier, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are not normally included in this section, but rather under Section IV, General Conditions of Contract, and/or Section V, Special Conditions of Contract. If duplication of a subject is inevitable in the other sections of the document prepared by the Purchaser, care must be exercised to avoid contradictions between clauses dealing with the same matter.

These Instructions to Bidders will not be part of the contract.

Instructions to Bidders

A. Introduction

1. Source of Funds

1.1 The Beneficiary named in the Bidding Data has applied for or received financing from the Islamic Development Bank (hereinafter called “the IDB”) in various currencies equivalent to the U.S. dollar amount indicated in the Bidding Data towards the cost of the Project specified in the Bidding Data. The Beneficiary intends to apply a portion of the proceeds of this Financing to eligible payments under the contract for which this Invitation for Bids is issued.

1.2 Payment by the IDB will be made only at the request of the Beneficiary and upon approval by the IDB in accordance with the terms and conditions of the Financing Agreement, and will be subject in all respects to the terms and conditions of that agreement. The Financing Agreement prohibits a withdrawal from the loan account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the IDB, is prohibited by IDB’s eligibility rules. No party other than the Beneficiary shall derive any rights from the Financing Agreement or have any claim to the loan proceeds.

2. Eligible Bidders

2.1 This Invitation for Bids is open to all suppliers from eligible source countries as defined in the IDB Guidelines for Procurement of Goods and Works.

2.2 Bidders should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Purchaser to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods to be purchased under this Invitation for Bids.

2.3 Government-owned enterprises in the Purchaser’s country may participate only if they are legally and financially autonomous, if they operate under commercial law, and if they are not a dependent agency of the Purchaser.

2.4 Bidders shall not be under a declaration of ineligibility for corrupt and fraudulent practices issued by the IDB in accordance with ITB Clause 35.1(d).
3. Eligible Goods and Services

3.1 All goods and related services to be supplied under the contract shall have their origin in eligible source countries, defined in the IDB Guidelines for Procurement of Goods and Works, and all expenditures made under the contract will be limited to such goods and services.

3.2 For purposes of this clause, “origin” means the place where the goods are mined, grown, or produced, or the place from which the related services are supplied. Goods are produced when, through manufacturing, processing, or substantial and major assembly of components, a commercially-recognized product results that is substantially different in basic characteristics or in purpose or utility from its components.

3.3 Bidders shall provide such evidence of their continued eligibility satisfactory to the Purchaser as the Purchaser shall reasonably request.

4. Cost of Bidding

4.1 The Bidder shall bear all costs associated with the preparation and submission of its bid, and the Purchaser named in the Bidding Data, hereinafter referred to as “the Purchaser,” will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. The Bidding Documents

5. Content of Bidding Documents

5.1 The goods required, bidding procedures, and contract terms are prescribed in the bidding documents. In addition to the Invitation for Bids, the bidding documents include:

(a) Instructions to Bidders (ITB)
(b) Bidding Data
(c) General Conditions of Contract (GCC)
(d) Special Conditions of Contract (SCC)
(e) Schedule of Requirements
(f) Technical Specifications
(g) Bid Form and Price Schedules
(h) Bid Security Form
(i) Contract Form
(j) Performance Security Form
(k) Bank Guarantee Form for Advance Payment
(l) Manufacturer’s Authorization Form

5.2 The Bidder is expected to examine all instructions, forms, terms,
and specifications in the bidding documents. Failure to furnish all information required by the bidding documents or to submit a bid not substantially responsive to the bidding documents in every respect will be at the Bidder’s risk and may result in the rejection of its bid.

6. Clarification of Bidding Documents

6.1 A prospective Bidder requiring any clarification of the bidding documents may notify the Purchaser in writing or by electronic mail at the Purchaser’s address indicated in the **Bidding Data**. The Purchaser will respond in writing to any request for clarification of the bidding documents which it receives no later than thirty (30) days prior to the deadline for the submission of bids prescribed in ITB Clause 19.1. Written copies of the Purchaser’s response (including an explanation of the query but without identifying the source of inquiry) will be sent to all prospective bidders that have received the bidding documents.

7. Amendment of Bidding Documents

7.1 At any time prior to the deadline for submission of bids, the Purchaser, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder, may modify the bidding documents by amendment.

7.2 All prospective bidders that have received the bidding documents will be notified of the amendment in writing or electronic mail, and will be binding on them.

7.3 In order to allow prospective bidders reasonable time in which to take the amendment into account in preparing their bids, the Purchaser, at its discretion, may extend the deadline for the submission of bids.
C. Preparation of Bids

8. Language of Bid

8.1 The bid prepared by the Bidder, as well as all correspondence and documents relating to the bid exchanged by the Bidder and the Purchaser, shall be written in the language specified in the Bidding Data. Supporting documents and printed literature furnished by the Bidder may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the Bidding Data, in which case, for purposes of interpretation of the Bid, the translation shall govern.

9. Documents Constituting the Bid

9.1 The bid prepared by the Bidder shall comprise the following components:

(a) a Bid Form and a Price Schedule completed in accordance with ITB Clauses 10, 11, and 12;

(b) documentary evidence established in accordance with ITB Clause 13 that the Bidder is eligible to bid and is qualified to perform the contract if its bid is accepted;

(c) documentary evidence established in accordance with ITB Clause 14 that the goods and ancillary services to be supplied by the Bidder are eligible goods and services and conform to the bidding documents; and

(d) bid security furnished in accordance with ITB Clause 15.

10. Bid Form

10.1 The Bidder shall complete the Bid Form and the appropriate Price Schedule furnished in the bidding documents, indicating the goods to be supplied, a brief description of the goods, their country of origin, quantity, and prices.

10.2 Bids will be classified as follows:

(a) Bids offering goods manufactured in the Purchaser’s country, for which (i) labor, raw materials, and components from within the Purchaser’s country account for more than thirty (30) percent of the EXW price; and (ii) the production facility in which they will be manufactured or assembled has been engaged in manufacturing or assembling such goods at least since the date of bid submission.

(b) Bids offering goods manufactured in IDB Member Countries or other eligible countries, and imported or having
been imported directly from such countries by the Purchaser or through the Supplier’s local Agent.

10.2 The Bidder shall complete whichever version of the Price Schedule furnished in the bidding documents is appropriate provided, however, that the completion of an incorrect version of the Price Schedule by the Bidder will not result in rejection of its bid, but merely in the Purchaser’s reclassification of the bid into its appropriate bid group.

11. Bid Prices

11.1 The Bidder shall indicate on the appropriate Price Schedule the unit prices (where applicable) and total bid price of the goods it proposes to supply under the contract.

11.2 Prices indicated on the Price Schedule shall be entered separately in the following manner:

(a) For goods offered from within the Purchaser’s country:

(i) the price of the goods quoted EXW (ex works, ex factory, ex warehouse, ex showroom, or off-the-shelf, as applicable), including all customs duties and sales and other taxes already paid or payable:

(A) on the components and raw material used in the manufacture or assembly of goods quoted ex works or ex factory;

or

(B) on the previously imported goods of foreign origin quoted ex warehouse, ex showroom, or off-the-shelf.

(ii) any Purchaser country sales and other taxes which will be payable on the goods if the contract is awarded.

(iii) the price for inland transportation, insurance, and other local costs incidental to delivery of the goods to their final destination, if specified in the Bidding Data.

(iv) the price of other (incidental) services, if any, listed in the Bidding Data.

(b) For goods offered from Member Countries or non-member countries:
(i) the price of the goods shall be quoted CIF named port of destination, or CIP named place of destination, in the Purchaser’s country, as specified in the Bidding Data. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible countries. Similarly, the Bidder may obtain insurance services from any eligible source country.

(ii) the price of the goods quoted FOB port of shipment (or FCA, as the case may be), if specified in the Bidding Data.

(iii) the price of goods quoted CFR port of destination (or CPT as the case may be), if specified in the Bidding Data.

(iv) the price for inland transportation, insurance, and other local costs incidental to delivery of the goods from the port of entry to their final destination, if specified in the Bidding Data.

(v) the price of other (incidental) services, if any, listed in the Bidding Data.

11.3 The terms EXW, CIF, CIP, etc., shall be governed by the rules prescribed in the current edition of Incoterms published by the International Chamber of Commerce, Paris.

11.4 The Bidder’s separation of price components in accordance with ITB Clause 11.2 above will be solely for the purpose of facilitating the comparison of bids by the Purchaser and will not in any way limit the Purchaser’s right to contract on any of the terms offered.

11.5 Prices quoted by the Bidder shall be fixed during the Bidder’s performance of the contract and not subject to variation on any account, unless otherwise specified in the Bidding Data. A bid submitted with an adjustable price quotation will be treated as nonresponsive and will be rejected, pursuant to ITB Clause 24. If, however, in accordance with the Bidding Data, prices quoted by the Bidder shall be subject to adjustment during the performance of the contract, a bid submitted with a fixed price quotation will not be rejected, but the price adjustment would be treated as zero.
12. Bid Currencies

12.1 Prices shall be quoted in the following currencies:

(a) For goods and services that the Bidder will supply from within the Purchaser’s country, the prices shall be quoted in the currency of the Purchaser’s country, unless otherwise specified in the Bidding Data.

(b) For goods and services that the Bidder will supply from outside the Purchaser’s country, the prices shall be quoted in any currency of an IDB Member Country or any other major international currency. If the Bidder wishes to be paid in a combination of amounts in different currencies, it may quote its price accordingly but use no more than three foreign currencies.

13. Documents Establishing Bidder’s Eligibility and Qualification

13.1 Pursuant to ITB Clause 9, the Bidder shall furnish, as part of its bid, documents establishing the Bidder’s eligibility to bid and its qualifications to perform the contract if its bid is accepted.

13.2 The documentary evidence of the Bidder’s eligibility to bid shall establish to the Purchaser’s satisfaction that the Bidder, at the time of submission of its bid, is from an eligible country as defined under ITB Clause 2.

13.3 The documentary evidence of the Bidder’s qualifications to perform the contract if its bid is accepted shall establish to the Purchaser’s satisfaction:

(a) that, in the case of a Bidder offering to supply goods under the contract which the Bidder did not manufacture or otherwise produce, the Bidder has been duly authorized by the goods’ Manufacturer or producer to supply the goods in the Purchaser’s country;

(b) that the Bidder has the financial, technical, and production capability necessary to perform the contract;

(c) that, in the case of a Bidder not doing business within the Purchaser’s country, the Bidder is or will be (if awarded the contract) represented by an Agent in that country equipped and able to carry out the Supplier’s maintenance, repair, and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications; and

(d) that the Bidder meets the qualification criteria listed in the
### 14. Documents Establishing Goods’ Eligibility and Conformity to Bidding Documents

14.1 Pursuant to ITB Clause 9, the Bidder shall furnish, as part of its bid, documents establishing the eligibility and conformity to the bidding documents of all goods and services which the Bidder proposes to supply under the contract.

14.2 The documentary evidence of the eligibility of the goods and services shall consist of a statement in the Price Schedule of the country of origin of the goods and services offered which shall be confirmed by a certificate of origin issued at the time of shipment.

14.3 The documentary evidence of conformity of the goods and services to the bidding documents may be in the form of literature, drawings, and data, and shall consist of:

(a) a detailed description of the essential technical and performance characteristics of the goods;

(b) a list giving full particulars, including available sources and current prices of spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for a period to be specified in the **Bidding Data**, following commencement of the use of the goods by the Purchaser; and

(c) an item-by-item commentary on the Purchaser’s Technical Specifications demonstrating substantial responsiveness of the goods and services to those specifications, or a statement of deviations and exceptions to the provisions of the Technical Specifications.

14.4 For purposes of the commentary to be furnished pursuant to ITB Clause 14.3(c) above, the Bidder shall note that standards for workmanship, material, and equipment, as well as references to brand names or catalogue numbers designated by the Purchaser in its Technical Specifications, are intended to be descriptive only and not restrictive. The Bidder may substitute alternative standards, brand names, and/or catalogue numbers in its bid, provided that it demonstrates to the Purchaser’s satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.

### 15. Bid Security

15.1 Pursuant to ITB Clause 9, the Bidder shall furnish, as part of its bid, a bid security in the amount specified in the **Bidding Data**.
15.2 The bid security is required to protect the Purchaser against the risk of Bidder’s conduct which would warrant the security’s forfeiture, pursuant to ITB Clause 15.7.

15.3 The bid security shall be denominated in the currency of the bid or in another freely convertible currency, and shall be in one of the following forms:

(a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the Purchaser’s country or abroad, in the form provided in the bidding documents or another form acceptable to the Purchaser and valid for thirty (30) days beyond the validity of the bid; or

(b) a cashier’s or certified check.

15.4 Any bid not secured in accordance with ITB Clauses 15.1 and 15.3 will be rejected by the Purchaser as nonresponsive, pursuant to ITB Clause 24.

15.5 Unsuccessful bidders’ bid securities will be discharged or returned as promptly as possible but not later than thirty (30) days after the expiration of the period of bid validity prescribed by the Purchaser pursuant to ITB Clause 16.

15.6 The successful Bidder’s bid security will be discharged upon the Bidder signing the contract, pursuant to ITB Clause 33, and furnishing the performance security, pursuant to ITB Clause 34.

15.7 The bid security may be forfeited:

(a) if a Bidder:

(i) withdraws its bid during the period of bid validity specified by the Bidder on the Bid Form, or

(ii) does not accept the correction of errors pursuant to ITB Clause 24.2; or

(b) in the case of a successful Bidder, if the Bidder fails:

(i) to sign the contract in accordance with ITB Clause 33; or

(ii) to furnish performance security in accordance with
16. Period of Validity of Bids

16.1 Bids shall remain valid for the period specified in the Bidding Data after the date of bid submission prescribed by the Purchaser, pursuant to ITB Clause 19. A bid valid for a shorter period shall be rejected by the Purchaser as nonresponsive.

16.2 In exceptional circumstances, the Purchaser may solicit the Bidder’s consent to an extension of the period of validity. The request and the responses thereto shall be made in writing (or by fax or electronic mail). The bid security provided under ITB Clause 15 shall also be suitably extended. A Bidder may refuse the request without forfeiting its bid security. A Bidder granting the request will not be required nor permitted to modify its bid, except as provided in ITB Clause 16.3.

16.3 In the case of fixed price contracts, if the award is delayed by a period exceeding sixty (60) days beyond the expiry of the initial bid validity, the contract price will be increased by a factor specified in the request for extension.

17. Format and Signing of Bid

17.1 The Bidder shall prepare an original and the number of copies of the bid indicated in the Bidding Data, clearly marking each “ORIGINAL BID” and “COPY OF BID,” as appropriate. In the event of any discrepancy between them, the original shall govern.

17.2 The original and the copy or copies of the bid shall be typed or written in indelible ink and shall be signed by the Bidder or a person or persons duly authorized to bind the Bidder to the contract. All pages of the bid, except for unamended printed literature, shall be initialed by the person or persons signing the bid.

17.3 Any interlineation, erasures, or overwriting shall be valid only if they are initialed by the person or persons signing the bid.

17.4 The Bidder shall furnish information as described in the Form of Bid on commissions or gratuities, if any, paid to or to be paid to agents relating to this Bid, and to contract execution if the Bidder is awarded the contract.

D. Submission of Bids
18. Sealing and Marking of Bids

18.1 The Bidder shall seal the original and each copy of the bid in separate envelopes, duly marking the envelopes as “ORIGINAL” and “COPY.” The envelopes shall then be sealed in an outer envelope.

18.2 The inner and outer envelopes shall:

(a) be addressed to the Purchaser at the address given in the Bidding Data; and

(b) bear the Project name indicated in the Bidding Data, the Invitation for Bids (IFB) title and number indicated in the Bidding Data, and a statement: “DO NOT OPEN BEFORE,” to be completed with the time and the date specified in the Bidding Data, pursuant to ITB Clause 22.1.

18.3 The inner envelopes shall also indicate the name and address of the Bidder to enable the bid to be returned unopened in case it is declared “late.”

18.4 If the outer envelope is not sealed and marked as required by ITB Clause 18.2, the Purchaser will assume no responsibility for the bid’s misplacement or premature opening.

19. Deadline for Submission of Bids

19.1 Bids must be received by the Purchaser at the address specified under ITB Clause 18.2 (a) no later than the time and date specified in the Bidding Data.

19.2 The Purchaser may, at its discretion, extend this deadline for the submission of bids by amending the bidding documents in accordance with ITB Clause 7, in which case all rights and obligations of the Purchaser and bidders previously subject to the deadline will thereafter be subject to the deadline as extended.

20. Late Bids

20.1 Any bid received by the Purchaser after the deadline for submission of bids prescribed by the Purchaser pursuant to ITB Clause 19 will be rejected and returned unopened to the Bidder.

21. Modification and Withdrawal of Bids

21.1 The Bidder may modify or withdraw its bid after the bid’s submission, provided that written notice of the modification, including substitution or withdrawal of the bids, is received by the Purchaser prior to the deadline prescribed for submission of bids.

21.2 The Bidder’s modification or withdrawal notice shall be
prepared, sealed, marked, and dispatched in accordance with the provisions of ITB Clause 18. A withdrawal notice may also be sent by cable, but followed by a signed confirmation copy, postmarked not later than the deadline for submission of bids.

21.3 No bid may be modified after the deadline for submission of bids.

21.4 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiration of the period of bid validity specified by the Bidder on the Bid Form. Withdrawal of a bid during this interval may result in the Bidder’s forfeiture of its bid security, pursuant to the ITB Clause 15.7.

E. Opening and Evaluation of Bids

22. Opening of Bids by the Purchaser

22.1 The Purchaser will open all bids in the presence of bidders’ representatives who choose to attend, at the time, on the date, and at the place specified in the Bidding Data. The bidders’ representatives who are present shall sign a register evidencing their attendance.

22.2 The bidders’ names, bid modifications or withdrawals, bid prices, discounts, and the presence or absence of requisite bid security and such other details as the Purchaser, at its discretion, may consider appropriate, will be announced at the opening. No bid shall be rejected at bid opening, except for late bids, which shall be returned unopened to the Bidder pursuant to ITB Clause 20.

22.3 Bids (and modifications sent pursuant to ITB Clause 21.2) that are not opened and read out at bid opening shall not be considered further for evaluation, irrespective of the circumstances.

22.4 The Purchaser will prepare minutes of the bid opening.

23. Clarification of Bids

23.1 During evaluation of the bids, the Purchaser may, at its discretion, ask the Bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the prices or substance of the bid shall be sought, offered, or permitted.

24. Preliminary Examination

24.1 The Purchaser will examine the bids to determine whether they are complete, whether any computational errors have been made,
whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

24.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail. If the Supplier does not accept the correction of the errors, its bid will be rejected, and its bid security may be forfeited.

24.3 The Purchaser may waive any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

24.4 Prior to the detailed evaluation, pursuant to ITB Clause 26, the Purchaser will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these Clauses, a substantially responsive bid is one which conforms to all the terms and conditions of the bidding documents without material deviations. Deviations from, or objections or reservations to critical provisions, such as those concerning Bid Security (ITB Clause 15), Applicable Law (GCC Clause 31), and Taxes and Duties (GCC Clause 33), will be deemed to be a material deviation. The Purchaser’s determination of a bid’s responsiveness is to be based solely on the contents of the bid itself.

24.5 If a bid is not substantially responsive, it will be rejected by the Purchaser and may not subsequently be made responsive by the Bidder by correction of the nonconformity.

25. Conversion to Single Currency

25.1 To facilitate evaluation and comparison, the Purchaser will convert all bid prices expressed in the amounts in various currencies in which the bid prices are payable to either:

(a) the currency of the Purchaser’s country at the selling exchange rate established for similar transactions by the Central Bank or a commercial bank in the Purchaser’s country;

or

(b) a currency widely used in international trade, such as U.S. dollars, at the selling rate of exchange published in the
international press for the amount payable in foreign currency; and at the selling exchange rate established for similar transactions by the Central Bank in the Purchaser’s country for the amount payable in the currency of the Purchaser’s country.

25.2 The currency selected for converting bid prices to a common base for the purpose of evaluation, along with the source and date of the exchange rate, are specified in the Bidding Data.

26. Evaluation and Comparison of Bids

26.1 The Purchaser will evaluate and compare the bids which have been determined to be substantially responsive, pursuant to ITB Clause 24.

26.2 The Purchaser’s evaluation of a bid will exclude and not take into account:

(a) in the case of goods manufactured in the Purchaser’s country or goods of foreign origin already located in the Purchaser’s country, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the Bidder;

(b) in the case of goods of foreign origin offered from abroad, customs duties and other similar import taxes which will be payable on the goods if the contract is awarded to the Bidder; and

(c) any allowance for price adjustment during the period of execution of the contract, if provided in the bid.

26.3 The comparison shall be between the EXW price of the goods offered from within the Purchaser’s country, such price to include all costs, as well as duties and taxes paid or payable on components and raw material incorporated or to be incorporated in the goods, and the CIF named port of destination (or CIP named place of destination) price of the goods offered from outside the Purchaser’s country.

26.4 The Purchaser’s evaluation of a bid will take into account, in addition to the bid price quoted in accordance with ITB Clause 11.2, one or more of the following factors as specified in the Bidding Data, and quantified in ITB Clause 26.5:

(a) cost of inland transportation, insurance, and other costs within the Purchaser’s country incidental to delivery of the goods to their final destination.
(b) delivery schedule offered in the bid;
(c) deviations in payment schedule from that specified in the Special Conditions of Contract;
(d) the cost of components, mandatory spare parts, and service;
(e) the availability in the Purchaser’s country of spare parts and after-sales services for the equipment offered in the bid;
(f) the projected operating and maintenance costs during the life of the equipment;
(g) the performance and productivity of the equipment offered; and/or
(h) other specific criteria indicated in the Bidding Data and/or in the Technical Specifications.

26.5 For factors retained in the Bidding Data pursuant to ITB 26.4, one or more of the following quantification methods will be applied, as detailed in the Bidding Data:

(a) Inland transportation from EXW/port of entry/place of destination, insurance, and incidentals.

Inland transportation, insurance, and other incidental costs for delivery of the goods from EXW/port of entry/border point to Project Site named in the Bidding Data will be computed for each bid by the Purchaser on the basis of published tariffs by the rail or road transport agencies, insurance companies, and/or other appropriate sources. To facilitate such computation, bidder shall furnish in its bid the estimated dimensions and shipping weight and the approximate EXW/CIF (or CIP place of destination) value of each package. The above cost will be added by the Purchaser to EXW/CIF/CIP price.

(b) Delivery schedule.

(i) The Purchaser requires that the goods under the Invitation for Bids shall be delivered (shipped) at the time specified in the Schedule of Requirements. The estimated time of arrival of the goods at the Project
Site will be calculated for each bid after allowing for reasonable international and inland transportation time. Treating the bid resulting in the earliest time of arrival as the base, a delivery “adjustment” will be calculated for other bids by applying a percentage, specified in the Bidding Data, of the EXW/CIF/CIP price for each week of delay beyond the base, and this will be added to the bid price for evaluation. No credit shall be given to early delivery.

or

(ii) The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. No credit will be given to earlier deliveries, and bids offering delivery beyond this range will be treated as nonresponsive. Within this acceptable range, an adjustment per week, as specified in the Bidding Data, will be added for evaluation to the bid price of bids offering deliveries later than the earliest delivery period specified in the Schedule of Requirements.

or

(iii) The goods covered under this invitation are required to be delivered (shipped) in partial shipments, as specified in the Schedule of Requirements. Bids offering deliveries earlier or later than the specified deliveries will be adjusted in the evaluation by adding to the bid price a factor equal to a percentage, specified in the Bidding Data, of EXW/CIF/CIP price per week of variation from the specified delivery schedule.

(c) Deviation in payment schedule.

Bidders shall state their bid price for the payment schedule outlined in the SCC. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in bid price they wish to offer for such alternative payment schedule. The Purchaser may consider the alternative payment schedule offered by the selected Bidder.

(d) Cost of spare parts.

(i) The list of items and quantities of major assemblies, components, and selected spare parts, likely to be
required during the initial period of operation specified in the Bidding Data, is annexed to the Technical Specifications. The total cost of these items, at the unit prices quoted in each bid, will be added to the bid price.

or

(ii) The Purchaser will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in the initial period of operation specified in the Bidding Data. The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Bidder and added to the bid price.

or

(iii) The Purchaser will estimate the cost of spare parts usage in the initial period of operation specified in the Bidding Data, based on information furnished by each Bidder, as well as on past experience of the Purchaser or other purchasers in similar situations. Such costs shall be added to the bid price for evaluation.

(e) **Spare parts and after sales service facilities in the Purchaser’s country.**

The cost to the Purchaser of establishing the minimum service facilities and parts inventories, as outlined in the Bidding Data or elsewhere in the bidding documents, if quoted separately, shall be added to the bid price.

(f) **Operating and maintenance costs.**

Since the operating and maintenance costs of the goods under procurement form a major part of the life cycle cost of the equipment, these costs will be evaluated in accordance with the criteria specified in the Bidding Data or in the Technical Specifications.

(g) **Performance and productivity of the equipment.**

(i) Bidders shall state the guaranteed performance or efficiency in response to the Technical Specification. For each drop in the performance or efficiency below the norm of 100, an adjustment for an amount specified in the Bidding Data will be added to the bid price, representing the capitalized cost of additional
operating costs over the life of the plant, using the methodology specified in the Bidding Data or in the Technical Specifications.

or

(ii) Goods offered shall have a minimum productivity specified under the relevant provision in the Technical Specifications to be considered responsive. Evaluation shall be based on the cost per unit of the actual productivity of goods offered in the bid, and adjustment will be added to the bid price using the methodology specified in the Bidding Data or in the Technical Specifications.

(h) Specific additional criteria

Other specific additional criteria to be considered in the evaluation and the evaluation method shall be detailed in the Bidding Data and/or the Technical Specifications.

27. Contacting the Purchaser

27.1 From the time of bid opening to the time of contract award, if any bidder wishes to contact the Purchaser on any matter related to the bid, it should do so in writing.

27.2 Any effort by a Bidder to influence the Purchaser in its decisions on bid evaluation, bid comparison, or contract award may result in the rejection of the Bidder’s bid.

F. Award of Contract

28. Post-qualification

28.1 In the absence of prequalification, the Purchaser will determine to its satisfaction whether the Bidder that is selected as having submitted the lowest evaluated responsive bid is qualified to perform the contract satisfactorily, in accordance with the criteria listed in ITB Clause 13.3.

28.2 The determination will take into account the Bidder’s financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the Bidder’s qualifications submitted by the Bidder, pursuant to ITB Clause 13.3, as well as such other information as the Purchaser deems necessary and appropriate.

28.3 An affirmative determination will be a prerequisite for award of the contract to the Bidder. A negative determination will result in rejection of the Bidder’s bid, in which event the Purchaser will
proceed to the next lowest evaluated bid to make a similar
determination of that Bidder’s capabilities to perform
satisfactorily.

29. Award Criteria

29.1 Subject to ITB Clause 31, the Purchaser will award the contract
to the successful Bidder whose bid has been determined to be
substantially responsive and has been determined to be the lowest
evaluated bid, provided further that the Bidder is determined to be
qualified to perform the contract satisfactorily.

30. Purchaser’s Right to Vary Quantities at Time of Award

30.1 The Purchaser reserves the right at the time of contract award to
increase or decrease, by the percentage indicated in the Bidding
Data, the quantity of goods and services originally specified in
the Schedule of Requirements without any change in unit price
or other terms and conditions.

31. Purchaser’s Right to Accept Any Bid and to Reject Any or All Bids

31.1 The Purchaser reserves the right to accept or reject any bid, and
to annul the bidding process and reject all bids at any time prior
to contract award, without thereby incurring any liability to the
affected Bidder or bidders.

32. Notification of Award

32.1 Prior to the expiration of the period of bid validity, the Purchaser
will notify the successful Bidder in writing by registered letter or
by cable, to be confirmed in writing by registered letter, that its
bid has been accepted.

32.2 The notification of award will constitute the formation of the
Contract.

32.3 Upon the successful Bidder’s furnishing of the performance
security pursuant to ITB Clause 34, the Purchaser will promptly
notify the name of the winning Bidder to each unsuccessful
Bidder and will discharge its bid security, pursuant to ITB
Clause 15.

32.4 If, after notification of award, a Bidder wishes to ascertain the
grounds on which its bid was not selected, it should address its
request to the Purchaser. The Purchaser will promptly respond
in writing to the unsuccessful Bidder.

33. Signing of Contract

33.1 At the same time as the Purchaser notifies the successful Bidder
that its bid has been accepted, the Purchaser will send the Bidder
the Contract Form provided in the bidding documents,
incorporating all agreements between the parties.
33.2 Within thirty (30) days of receipt of the Contract Form, the successful Bidder shall sign and date the contract and return it to the Purchaser.

34. Performance Security

34.1 Within thirty (30) days of the receipt of notification of award from the Purchaser, the successful Bidder shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the bidding documents, or in another form acceptable to the Purchaser.

34.2 Failure of the successful Bidder to comply with the requirement of ITB Clause 33.2 or ITB Clause 34.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the Purchaser may make the award to the next lowest evaluated Bidder or call for new bids.

35. Corrupt or Fraudulent Practices

35.1 The IDB requires that Member Countries (including Beneficiaries of IDB financing), as well as Bidders/Suppliers/Contractors under IDB-financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, the IDB:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

(i) “corrupt practice” means the offering, giving, receiving or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution; and

(ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Beneficiary, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Beneficiary of the benefits of free and open competition;

(b) will reject a proposal for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;

(c) on the evidence of corrupt or fraudulent practices by the
Beneficiary or bidders–suppliers or contractors-in the procurement or the execution of the contract, will ask the Beneficiary country to take appropriate action to rescind the contract, failing which IDB will cancel the portion of its financing. For this purpose, IDB will require that the bidding documents embody a statement to this effect, and will also require that, in contracts financed by IDB, a provision be included that gives the Beneficiary country the right to rescind the contract in these circumstances;

(d) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded an IDB-financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, an IDB-financed contract; and

(e) will have the right to require that, in contracts financed by IDB, a provision be included requiring suppliers and contractors to permit IDB to inspect their accounts and records relating to the performance of the contract and to have them audited by auditors appointed by IDB.

35.2 Furthermore, Bidders shall be aware of the provision stated in Clauses 5.4 and 24.1 of the General Conditions of Contract.
SECTION III. BIDDING DATA

NOTES ON THE BIDDING DATA

Section III is intended to assist the Purchaser in providing the specific information in relation to corresponding clauses in the Instructions to Bidders included in Section II, and has to be prepared for each specific procurement.

The Purchaser should specify in the Bidding Data information and requirements specific to the circumstances of the Purchaser, the processing of the procurement, the applicable rules regarding bid price and currency, and the bid evaluation criteria that will apply to the bids. In preparing Section III, the following aspects should be checked:

(a) Information that specifies and complements provisions of Section II must be incorporated.

(b) Amendments and/or supplements, if any, to provisions of Section II as necessitated by the circumstances of the specific procurement, must also be incorporated.
Bidding Data

The following specific data for the goods to be procured shall complement, supplement, or amend the provisions in the Instructions to Bidders (ITB). Whenever there is a conflict, the provisions herein shall prevail over those in ITB.

[Instructions for completing the Bidding Data are provided, as needed, in the notes in italics mentioned for the relevant ITB Clauses.]

| ITB 11.5 | The price shall be fixed **or** the price shall be adjustable. 
[Delete the nonapplicable option.] |

| ITB 12.1 (a) | **If the Bidder** is permitted to use foreign currencies for pricing and payment for goods and services from within the Purchaser’s country, delete ITB Clause 12.1 (a), and state the following: |
| **Clause 12.1 (a) is not applicable and Clause 12.1 (b) applies to all goods and services and the words “from outside the Purchaser’s country” shall not apply.** |

## Preparation and Submission of Bids

| ITB 13.3 (d) | Qualification requirements. 
[Specify, for example, requirement for a minimum level of experience in manufacturing a similar type of goods for which the Invitation for Bids is issued. The following requirement may also be specified: 
“If an Agent submits bids on behalf of more than one Manufacturer, unless each such bid is accompanied by a separate Bid Form for each bid, and a bid security, when required, for each bid, and authorization from the respective Manufacturer, all such bids will be rejected as nonresponsive.”] |

| ITB 14.3 (b) | Spare parts required for **[number]** of years of operation. |

| ITB 15.1 | Amount of bid security. 
[For small value purchases, bid security is not essential and may be dispensed with. If so, reference to ITB Clause 15.1 should be retained followed by the words “not required.” In all other cases, the amount may be expressed either as a fixed amount **or** as an amount not less than a specified percentage of the Bidder’s bid price, preferably the former. Bid security shall normally be around two (2) percent and in no case shall exceed five (5) percent of the bid amount.] |

| ITB 15.3 | **Optional:** Beneficiaries and Bidders have been requesting that other institutions (sureties) be allowed to issue bid securities, since this is accepted and usual practice in some countries. Although the IDB continues to recommend the use of bid securities issued by banks, which are on demand guarantees, we recognize that in countries where similar instruments are used, they can be accepted. Consequently, we will accept that Beneficiaries willing to use these other types of instruments in procurement of GOODS may do so by including in the data sheet of the bidding documents the following: |
| ITB 15.3 is replaced with the following text: |

| 15.3 | The bid security shall be denominated in the currency **|** |
of the bid or in another freely convertible currency, and shall:

(a) at the bidder’s option, be in the form of either a certified check, letter of credit, or a bank guarantee from a banking institution, or a bond issued by an insurance or bonding institution;

(b) be issued by a reputable institution selected by the bidder and located in any eligible country;

(c) be substantially in accordance with one of the forms of bid security included in Section VIII or other form approved by the Employer prior to bid submission;

(d) be payable promptly upon written demand by the employer in case any of the conditions listed in ITB Clause 15.7 are invoked;

(e) be submitted in its original form; copies will not be accepted;

(f) remain valid for a period of 30 days beyond the original validity period of bids, or beyond any period of extension subsequently requested under ITB Clause 16.2.

Additional Form of Bid Security: An additional form of bid security issued by insurance or bonding institution (Surety) should be included in Section VIII of the bidding document if the above option is used by the Purchaser.

3.3 The origin of Goods and Services is distinct from the nationality of the Supplier.

4. **Standards**

5.4 The Supplier shall permit the IDB to inspect the Supplier’s accounts and records relating to the performance of the Supplier and to have them audited by auditors appointed by the IDB, if so required by the IDB.

If conducted on the premises of the Supplier or its subcontractor(s), all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Purchaser.

8.3 Should any inspected or tested Goods fail to conform to the Specifications, the Purchaser may reject the Goods, and the Supplier shall either replace the rejected Goods or make alterations necessary to meet specification requirements free of cost to the Purchaser.

8.4 The Purchaser’s right to inspect, test and, where necessary, reject the Goods after the Goods’ arrival in the Purchaser’s country shall in no way be limited or waived by reason of the Goods having previously been inspected, tested, and passed by the Purchaser or its representative prior to the Goods’ shipment from the country of origin.

12.2 Where the Supplier is required under Contract to deliver the Goods CIF or CIP, transport of the Goods to the port of destination or such other named place of destination in the Purchaser’s country, as shall be specified in the Contract, shall be arranged and paid for by the Supplier, and the cost thereof shall be included in the Contract Price.

(c) furnishing of a detailed operations and maintenance manual
for each appropriate unit of the supplied Goods;

and

(e) training of the Purchaser’s personnel, at the Supplier’s
plant and/or on-site, in assembly, start-up, operation,
maintenance, and/or repair of the supplied Goods.

13.2 Prices charged by the Supplier for incidental services, if not
included in the Contract Price for the Goods, shall be agreed
upon in advance by the parties and shall not exceed the
prevailing rates charged to other parties by the Supplier for
similar services.

14. Spare Parts

14.1 As specified in SCC, the Supplier may be required to provide
any or all of the following materials, notifications, and
information pertaining to spare parts manufactured or distributed
by the Supplier:

(a) such spare parts as the Purchaser may elect to purchase
from the Supplier, provided that this election shall not
relieve the Supplier of any warranty obligations under the
Contract; and
(b) in the event of termination of production of the spare parts:

(i) advance notification to the Purchaser of the pending termination, in sufficient time to permit the Purchaser to procure needed requirements; and

(ii) following such termination, furnishing at no cost to the Purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The Supplier warrants that the Goods supplied under the Contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract. The Supplier further warrants that all Goods supplied under this Contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the Purchaser’s specifications) or from any act or omission of the Supplier, that may develop under normal use of the supplied Goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the Contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the Supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective Goods or parts thereof, without costs to the Purchaser other than, where applicable, the cost of inland delivery of the repaired or replaced Goods or parts from EXW or the port or place of entry to the final destination.

15.5 If the Supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the Purchaser may proceed to take such remedial action as may be necessary, at the Supplier’s risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.
16. Payment

16.1 The method and conditions of payment to be made to the Supplier under this Contract shall be specified in SCC.

16.2 The Supplier’s request(s) for payment shall be made to the Purchaser in writing, accompanied by an invoice describing, as appropriate, the Goods delivered and Services performed, and by documents submitted pursuant to GCC Clause 10, and upon fulfillment of other obligations stipulated in the Contract.

16.3 Payments shall be made promptly by the Purchaser, but in no case later than sixty (60) days after submission of an invoice or claim by the Supplier.

16.4 The currency or currencies in which payment is made to the Supplier under this Contract shall be specified in SCC subject to the following general principle: payment will be made in the currency or currencies in which the payment has been requested in the Supplier’s bid.

16.5 All payments shall be made in the currency or currencies specified in the SCC pursuant to GCC 16.4.

17. Prices

17.1 Prices charged by the Supplier for Goods delivered and Services performed under the Contract shall not vary from the prices quoted by the Supplier in its bid, with the exception of any price adjustments authorized in SCC or in the Purchaser’s request for bid validity extension, as the case may be.

18. Change Orders

18.1 The Purchaser may at any time, by a written order given to the Supplier pursuant to GCC Clause 32, make changes within the general scope of the Contract in any one or more of the following:

(a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Purchaser;

(b) the method of shipment or packing;

(c) the place of delivery; and/or

(d) the Services to be provided by the Supplier.

18.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier’s performance of any provisions under the Contract, an equitable adjustment shall be
made in the Contract Price or delivery schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this clause must be asserted within thirty (30) days from the date of the Supplier’s receipt of the Purchaser’s change order.

19. Contract Amendments

19.1 Subject to GCC Clause 18, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

20. Assignment

20.1 The Supplier shall not assign, in whole or in part, its obligations to perform under this Contract, except with the Purchaser’s prior written consent.

21. Subcontracts

21.1 The Supplier shall notify the Purchaser in writing of all subcontracts awarded under this Contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the Supplier from any liability or obligation under the Contract.

21.2 Subcontracts must comply with the provisions of GCC Clause 3.
22. Delays in the Supplier’s Performance

22.1 Delivery of the Goods and performance of Services shall be made by the Supplier in accordance with the time schedule prescribed by the Purchaser in the Schedule of Requirements.

22.2 If at any time during performance of the Contract, the Supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the Goods and performance of Services, the Supplier shall promptly notify the Purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the Supplier’s notice, the Purchaser shall evaluate the situation and may at its discretion extend the Supplier’s time for performance, with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of Contract.

22.3 Except as provided under GCC Clause 25, a delay by the Supplier in the performance of its delivery obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 23, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of liquidated damages.

23. Liquidated Damages

23.1 Subject to GCC Clause 25, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in SCC of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in SCC. Once the maximum is reached, the Purchaser may consider termination of the Contract pursuant to GCC Clause 24.

24. Termination for Default

24.1 The Purchaser, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate this Contract in whole or in part:

(a) if the Supplier fails to deliver any or all of the Goods within the period(s) specified in the Contract, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 22; or

(b) if the Supplier fails to perform any other obligation(s) under the Contract.

(c) if the Supplier, in the judgment of the Purchaser, has
engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

For the purpose of this clause:

“corrupt practice” means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.

“fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Beneficiary, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Beneficiary of the benefits of free and open competition.

24.2 In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 24.1, the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Services similar to those undelivered, and the Supplier shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However, the Supplier shall continue performance of the Contract to the extent not terminated.

25. Force Majeure

25.1 Notwithstanding the provisions of GCC Clauses 22, 23, and 24, the Supplier shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

25.2 For purposes of this clause, “Force Majeure” means an event beyond the control of the Supplier and not involving the Supplier’s fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the Purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

25.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by
the Force Majeure event.

26. Termination for Insolvency
26.1 The Purchaser may at any time terminate the Contract by giving written notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Purchaser.

27. Termination for Convenience
27.1 The Purchaser, by written notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser’s convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.

27.2 The Goods that are complete and ready for shipment within thirty (30) days after the Supplier’s receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices. For the remaining Goods, the Purchaser may elect:

(a) to have any portion completed and delivered at the Contract terms and prices; and/or

(b) to cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and Services and for materials and parts previously procured by the Supplier.

28. Settlement of Disputes
28.1 If any dispute or difference of any kind whatsoever shall arise between the Purchaser and the Supplier in connection with or arising out of the Contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

28.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the Purchaser or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given.

28.2.1 Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in
accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the Goods under the Contract.

28.2.2 Arbitration proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

28.3 Notwithstanding any reference to arbitration herein,

(a) the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree; and

(b) the Purchaser shall pay the Supplier any monies due the Supplier.

29. Limitation of Liability

29.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6,

(a) the Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser and

(b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

30. Governing Language

30.1 The Contract shall be written in the language specified in SCC. Subject to GCC Clause 31, the version of the Contract written in the specified language shall govern its interpretation. All correspondence and other documents pertaining to the Contract which are exchanged by the parties shall be written in the same language.

31. Applicable Law

31.1 The Contract shall be interpreted in accordance with the laws of the Purchaser’s country, unless otherwise specified in SCC.

32. Notices

32.1 Any notice given by one party to the other pursuant to this Contract shall be sent to the other party in writing or by cable, telex, or facsimile and confirmed in writing to the other party’s address specified in SCC.
32.2 A notice shall be effective when delivered or on the notice’s effective date, whichever is later.

33. Taxes and Duties

33.1 A foreign Supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the Purchaser’s country.

33.2 A local Supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted Goods to the Purchaser.

Attachment to SCC: Sample Price Adjustment Formula

Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components in accordance with the formula:

$$\Delta P = P_0 \left( a + b \frac{L_1}{L_0} + c \frac{M_1}{M_0} \right) - P_0$$

in which:

- \( \Delta P \) = adjustment amount payable to the Supplier.
- \( P_0 \) = Contract Price (base price).
- \( a \) = fixed element representing profits and overheads included in the Contract Price and generally in the range of five (5) to fifteen (15) percent.
- \( b \) = estimated percentage of labor component in the Contract Price.
- \( c \) = estimated percentage of material component in the Contract Price.
- \( L_0, L_1 \) = labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively.
- \( M_0, M_1 \) = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The coefficients \( a, b, \) and \( c \) shall be specified by the Purchaser in the bidding documents. The sum of the three coefficients should be one (1) in every application of the formula.

The Bidder shall indicate the source of the indices and the base date indices in its bid.

Base date = thirty (30) days prior to the deadline for submission of the bids.

Date of adjustment = _____ weeks prior to date of shipment (representing the midpoint of the period of manufacture).

The above price adjustment formula shall be invoked by either party subject to the following further conditions:

(a) Price adjustment will be applied only if the resulting increase or decrease is more than ____ percent of the Contract Price.

[Two (2) percent would be an acceptable percentage.]

(b) No price adjustment shall be allowed beyond the original delivery dates unless specifically stated in the extension letter. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. The
Purchaser will however be entitled to any decrease in the prices of the Goods and Services subject to adjustment.

(c) The total adjustment under this clause shall be subject to a ceiling of plus or minus _____ percent of the Contract Price.

[Ten (10) percent would be an acceptable percentage.]

(d) If the currency in which the Contract Price $P_0$ is expressed is different from the currency of origin of the labor and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above.

(e) No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
SECTION VI. SCHEDULE OF REQUIREMENTS

NOTES FOR PREPARING THE SCHEDULE OF REQUIREMENTS

The Schedule of Requirements shall be included in the bidding documents by the Purchaser, and shall cover, at a minimum, a description of the goods and services to be supplied and the delivery schedule.

The objective of the Schedule of Requirements is to provide sufficient information to enable bidders to prepare their bids efficiently and accurately, in particular, the Price Schedule, for which a form is provided in Section VIII. In addition, the Schedule of Requirements, together with the Price Schedule, should serve as a basis in the event of quantity variation at the time of award of contract pursuant to ITB Clause 31.

The date or period for delivery should be carefully specified, taking into account (a) the implications of delivery terms stipulated in the Instructions to Bidders pursuant to the Incoterms rules (i.e., EXW, or CIF, CIP, FOB, FCA terms—that “delivery” takes place when goods are delivered to the carriers), and (b) the date prescribed herein from which the Purchaser’s delivery obligations start (i.e., notice of award, contract signature, opening or confirmation of the letter of credit).
**Schedule of Requirements**

The delivery schedule expressed as weeks/months stipulates hereafter a delivery date which is the date of delivery (i) at EXW premises, or (ii) to the carrier at the port of shipment when the contract is placed on FOB or CIF terms, or (iii) to the first carrier when the contract is placed on FCA or CIP terms. In order to determine the correct date of delivery hereafter specified, the Purchaser has taken into account the additional time that will be needed for international or national transit to the Project Site or to another common place.

1 The delivery may be specified for a single shipment, or for several partial shipments, for a specific date, or range of acceptable delivery periods.

2 The Purchaser must specify here the date from which the delivery schedule will start. That date should be either the date of contract award, or the date of contract signature, or the date of opening of Letter of Credit, or the date of confirmation of the Letter of Credit, as appropriate. The Bid Form should include only a cross-reference to this Schedule.
SECTION VII. TECHNICAL SPECIFICATIONS

NOTES FOR PREPARING THE TECHNICAL SPECIFICATIONS

A set of precise and clear specifications is a prerequisite for bidders to respond realistically and competitively to the requirements of the Purchaser without qualifying their bids. In the context of International Competitive Bidding (“open ICB”), ICB limited to IDB Member Countries (ICB/MC), or National Competitive Bidding (NCB), the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of bids be ensured, and the subsequent task of bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the goods be new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided for otherwise in the contract.

Samples of specifications from previous similar procurements in the same country are useful in this respect. The use of metric units is encouraged by the IDB. Depending on the complexity of the goods and the repetitiveness of the type of procurement, it may be advantageous to standardize the General Technical Specifications and incorporate them in a separate subsection. The General Technical Specifications should cover all classes of workmanship, materials, and equipment commonly involved in manufacturing similar goods, although not necessarily to be used in a particular procurement. Deletions or addenda should then adapt the General Technical Specifications to the particular procurement.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for equipment, materials, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards of the Beneficiary’s country or other standards, the specifications should state that equipment, materials, and workmanship that meet other authoritative standards, and which ensure at least a substantially equal quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the Special Conditions of Contract or the Technical Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Technical Specifications to specific standards and codes to be met by the goods and materials to be furnished or
tested, the provisions of the latest current edition or revision of the relevant
shall apply, unless otherwise expressly stated in the Contract. Where such
standards and codes are national or relate to a particular country or region,
other authoritative standards that ensure substantial equivalence to the
standards and codes specified will be acceptable.

Reference to brand name and catalogue number should be avoided as far as possible;
where unavoidable they should always be followed by the words “or at least equivalent.”

Where appropriate, drawings, including site plans as required, may be furnished by the
Purchaser with the bidding documents. Similarly, the Supplier may be requested to
provide drawings or samples either with its bid or for prior review by the Purchaser during
contract execution.
Technical Specifications

[Text of Technical Specifications to be inserted in the bidding documents by the Purchaser, as applicable.]
SECTION VIII. SAMPLE FORMS

NOTES ON THE SAMPLE FORMS

The Bidder shall complete and submit with its bid the Bid Form and Price Schedules pursuant to ITB Clause 9 and in accordance with the requirements included in the bidding documents.

When requested in the Bidding Data, the Bidder should provide the Bid Security, either in the form included hereafter or in another form acceptable to the Purchaser, pursuant to ITB Clause 15.3.

The Price Schedule and Schedule of Requirements deemed to form part of the contract should be modified accordingly.

The Performance Security Form and Bank Guarantee Form for Advance Payment should not be completed by the bidders at the time of their bid preparation. Only the successful Bidder will be required to provide performance security and bank guarantee for advance payment in accordance with one of the forms indicated herein or in another form acceptable to the Purchaser and pursuant to GCC Clause 7.3 and SCC 11, respectively.

The Manufacturer’s Authorization form should be completed by the Manufacturer, as appropriate, pursuant to ITB Clause 13.3 (a).

Paragraphs 1.9 and 1.10 of the Guidelines for Procurement under IDB Financing are cited below:

1.9 It is a fundamental policy of IDB that the bidding documents shall unequivocally stipulate that the providers of goods and works, and their associates and subcontractors, shall be in strict compliance with the Boycott Regulations of the Organization of the Islamic Conference, the League of Arab States and the Organization of African Union. The Beneficiary shall advise intending contractors and suppliers that bids will only be considered from contractors and suppliers who are not subject to said Boycott Regulations. Bidders, through an agent in the Member Countries concerned or through one of the Member Countries’ Embassies in the country of origin of the bidder, may acquire a certificate which certifies that the bidder is not blacklisted.

1.10 For the boycott requirement, the eligibility of a supplier or contractor will be determined during the evaluation process. In cases where suppliers or contractors withhold information to evade disqualification on account of the boycott requirement, the Beneficiary will have the right to cancel the contract at any time and also to penalize such parties and claim compensation for losses incurred, as a consequence thereof, by the Beneficiary and IDB. IDB reserves the right not to honor any contract if the supplier or contractor involved is found to be subject to the boycott requirement.
